Assumption applied to amendment:

- Removing the GPS monitoring requirement by the BOPP for the full extent of the offender's term of probation or parole reduces the increase in state expenditures to the Board as well as eliminates the increase in state revenues.

**Tennessee Code Annotated, Section 9-4-210, requires that: For any law enacted after July 1, 1986, which results in a net increase in periods of imprisonment in state facilities, there shall be appropriated from recurring revenues the estimated operating cost of such law. The amount appropriated from recurring revenues shall be based upon the highest cost of the next 10 years.*
